**THE OMNIA  
MAKES  
GREAT GIFT**

The Omnia Oven is a remarkably versatile means of cooking a wide variety of food. It can be used in the house / caravan / motorhome / boat / or even whilst camping.

The Omnia Oven can be used to bake bread, casseroles and other things that are traditionally cooked in conventional style ovens.

The Oven is a 3 part design and has a funnelled base allowing the heat to circulate around the Oven.

All Omnia Ovens are supplied with a recipe leaflet, there are also recipes that can be downloaded from the Omnia website.
